

Broomfield
House School

Curious Learners . Independent Thinkers . Happy Children

Welcome to Broomfield

Broomfield House School is a leading independent co-educational day school for 3-11 year olds. Based in a beautiful Victorian house which, combined with a modern three storey building containing our Art, Drama and Music facilities and a bright, colourful kitchen and dining room which was nominated for an architectural award, provides both a homely environment and up-to-date facilities.

Our outside space is surprisingly large and the children have a lot of fun on the tubular slides and playing football, netball and volleyball at break times or casting their nets into the pond, where micro-organisms abound. We are just a few steps away from the magnificent Kew Gardens and enjoy a close partnership with this world-class botanical wonderland.

Our values: Curiosity, Creativity, Courage, Kindness

A man in a dark blue suit and red tie is looking up at a plant in a conservatory. He is holding a small green plant with a coiled stem. Two children, a girl and a boy, are looking up at him. The girl is wearing a red hat and a grey coat. The boy is wearing a red hat and a grey hoodie. The background is filled with lush green plants and foliage.

We aim
to spark
children's
natural
curiosity

Happy Children Learn Best

The Broomfield ethos is to stimulate curiosity and imagination in our pupils, to help them question the world around them and think about what motivates and excites them. Our lessons aim to make learning fun as well as providing a secure academic foundation.

Our pastoral care programmes make the most of opportunities to understand how our children feel, knowing that their academic achievements will be strongest when they are happy and comfortable in the social side of school life. We take every opportunity to foster kindness and empathy through our charitable endeavours and daily routines.

Unique to Broomfield is our Individual Learning Enhancement programme which uses small group and individual teaching to personalise learning opportunities and build confidence.

Academic Success

We run a broad curriculum to excite our children's interest and encourage them to be ambitious for their own success. Our children perform well in the 11+ exams and we are proud to see many receive offers from top performing senior schools.

All pupils begin their education with a secure basis in English and Mathematics. Our teaching extends the National Curriculum in depth and breadth, aiming to inspire our children's fascination across a range of subjects.

The Creative Arts, Computing, Humanities, Science, Spanish and Sports all play important parts in school life, as do extra-curricular activities. We seek to open pupils' eyes to wonder and adventure in their learning and encourage them to be courageous, to try new things, ask questions and never to be held back by the fear making a mistake. Nurtured by a team of dedicated and experienced staff with a generous pupil to staff ratio we work in partnership with parents to help children achieve their academic potential.

We participate in competitions across a range of disciplines to energise those children who are enthused by the chance to 'win'. In 2019/2020 we won the ISA 3D art Competition and the Hampton Maths Wizard and many of our children went through to the ISA nationals in Swimming and Sports.

Creativity is
at the heart
of learning

Creative Adventures

To support children's creative and social development, we invest powerfully in Art, Drama and Music, with many exhibitions, performances and concerts. Dance is a part of our Early Years' curriculum and is optional thereafter. Our programme includes singing, a chamber choir, orchestra, plays, musicals, projects led by our artist-in-residence and visits from poets, authors and visiting artists.

Offering great experiences builds **courage**, opening minds and opportunities

Fit and Healthy

Broomfield's Games Field is at Old Deer Park, the home of London Welsh, just a few minutes' walk away. Children in Year 2 and above take a wide variety of sports including athletics, cricket, cross country, football, hockey, lacrosse, netball, rugby and tennis.

The children can also enjoy taster sessions in other activities such as archery. Tuesdays see children from Year 1 and above swim at Pools on the Park. PE sessions in school use our gym and playground to develop ball skills, core strength, fitness and flexibility.

Children enjoy many opportunities to participate in competitive sport as we have a busy schedule of matches and galas arranged with local schools and, at a regional and national level, through the local Council and organisations like the ISA. As a small school we punch well above our weight with children regularly reaching the national finals in many sports.

Nutritious school meals are freshly cooked each day by our Chef, who runs a Food Adventurer programme to encourage children to try new flavours. We actively teach the children healthy habits relating to food and fitness.

We have an outdoor learning emphasis to help pupils balance the pressures of modern life with a focus on getting back to nature.

Enrichment

As well as a broad curriculum, we offer a range of inspiring extra-curricular activities. From elections to our Pupil Council, where they can influence change, to the Tour de Broomfield – a cycling adventure around beautiful Richmond Park. We run a wide variety of paid for and free clubs, including the arts, sports, cookery, games and computing. A strong team of peripatetic music teachers make learning to play an instrument fun.

We run hands-on workshops in partnership with organisations such as the Royal Institution, to demonstrate the practical applications of learning. To stimulate the imagination and bring lessons to life we run trips to exciting places, such as Buckingham Palace, the Houses of Parliament, Hampton Court and Wimbledon Water Sports.

Friday Activities sessions create opportunities for fabulous History of Art projects, drumming, sewing and woodwork, among other pursuits.

We are active in our community with concerts, harvest festival gifts, charitable fund raising and links with Kew Gardens.

With Wraparound Care and Easter and Summer Schools we support families juggling the demands of family and working life.

resonates
throughout
the school

Leavers Destinations

We are delighted that each year our Year 6 children achieve excellent results in examinations to West London's leading senior schools. We are so proud of the effort and commitment our pupils make to achieve their academic potential and pleased that each one has gained a place in a school that fits their talents and interests.
